

## Where Is The Dog?

This simple rhyming song is limited only by your imagination and stamina! I have started with just four rhymes. But you can sing on and on, starting the rhyme and letting children finish it, or better yet, let them start it and you finish it!

On the second page you'll see a one page rebus (picture story). Of course you can just sing the song in the car or while you're taking a walk, or any other time you're inspired to sing!
