

Clickety Clack

an irresistibly charming chant!

Clickety clack, a-long, a-long (move arms like train wheels)

A train is coming, a-chonk, a-chonk

Clickety clack a mile away (peer with hands over eyes)

It hasn't a second of time to stay (tap wrist)

It sings a noisy rickety song (hold hands over ears)

A rickety-rockety-rickety song

"Get off the track, it isn't where you belong!" (hitch thumb to side)

Over the bridge and across the lake (ride hand up and down an imaginary track)

A mile a minute it has to make

A clickety snake with clackety eyes (wiggle arm like snake then hold hands like binoculars)

It wriggles and jiggles along the ties (wiggle whole body)

It sings a noisy rickety song (hold hands over ears)

A rickety-rockety-rickety song

"Good-night little baby, in bed is where you belong ... sshhhhh!" (pretend to sleep)
